(c) Multifamily Dwellings. Where multifamily dwellings are served by a single water service line, the total water usage will be divided by the number of occupied units. The bill calculated from the per unit usage derived therefor shall be multiplied by the number of occupied units to determine the amount due. It shall be the responsibility of the owner or manager to notify the city by the 20th of each month on what the occupied count is for the month, if the city is not notified

by the 20th of the month, then the highest count in the last twelve months will be used to calculate the bill.

(d) Multiunit Commercial Structures. Where existing commercial tenants are served by a single water meter, the total water usage will be divided by the number of tenants, the bill calculated from the per tenant usage derived therefor shall be multiplied by the number of tenants to determine the amount due. The minimum per unit charge will be \$20.37 for 0–1,000 gallons. No new multiunit connections will be allowed. In all new or newly divided commercial buildings each tenant space shall be required to have its own water meter.

(e) Manufactured Home Parks. Where manufactured home parks are served by a single water service line, the total water usage will be billed to the owner of the park based on the number of occupied units. The bill calculated from the per unit usage derived therefor shall be multiplied by the number of occupied units to determine the amount due. It shall be the responsibility of the park owner or manager to notify the city by the 20th of each month on what the occupied count is for the month. If the city is not notified by the 20th of the month, then the highest count in the last twelve months will be used to calculate the bill.

#### **Sec. 4.307 Sewer Service Rates**

The rates to be charged by the city for sanitary sewer service are hereby established as follows:
