REGULAR AGENDA

5. Discussion and Possible Action on Sale of Property at 201 Bolivar Street.

**This is the 15 x 50 strip of property that was discussed at the last meeting. The
proposed amended plat has been surveyed.**

Councilman Muir inquired if the Gage letter was written more for the buyer.

**City Manager advised yes, but the City can sell it at any price they wish and it will be
bid out and interested parties will have to return a sealed bid.**

Councilman Muir suggested \$5.00/SF.

Councilman Garza asked if there were any costs involved and City Manager advised

the normal advertising of bids and closing costs.

Councilman Muir made a motion to sell the 15X50 strip of property at a minimum of \$5.00/SF located at 201 Bolivar which will be in a sealed bid process, with the right of first refusal and the buyer will cover the closing costs.

Motion seconded by Councilman Garza. Motion carried unanimously.

6. Discuss, Consider and Possibly Act on Amending the Zoning Ordinance by Renaming Zoning Districts.

The current zoning map and zoning ordinance include four zoning districts with similar names. The four zoning districts are Old SF-2, Old SF-3, SF-2 and SF-3. Even though they have very similar names, these districts are very different from each other. For example, they have different development standards, minimum lot size and minimum dwelling size, etc.

The proposed change would rename the Old SF-2 district to SF-9 Single Family Residential District 9 and rename the Old SF-3 district to SF-10 Single Family Residential District 10. No changes would be made to the development standards applied to properties currently zoned either Old SF-2 and Old SF-3. The only change to the properties currently in the Old SF-2 and Old SF-3 districts is the name of the district.

Councilman Patton made a motion to approve the name change only and Councilman Martin seconded. Motion carried unanimously.

7. Discuss, Consider and Possibly Act on Amending Article 3.900 Floodplain Management Regulations, by Amending Section 3.905 (b) (1) Residential Construction of the Code of Ordinances.

City Manager advised that we amended the code, Section 3.905 (b) (1) "Residential Construction. New construction and substantial improvement of any residential structure on a lot where the final plat was filed after May 1, 2010, shall have the lowest finished floor (including basement), elevated two feet (2') or more above the base flood elevation. New construction and substantial improvement of any residential structure on a lot where the final plat was filed before May 1, 2010, shall have the lowest floor (including basement), elevated one foot (1') or more above the base flood elevation."

Councilman Garza asked Roger Otwell if there were going to be any more phases and Roger advised no.

Councilman Martin made a motion to approve. Councilman Garza seconded. Motion carried unanimously.

- 8. Discuss, Consider and Possibly Act on Amending Chapter 12, Traffic and Vehicles, of the Code of Ordinances, by Adding a New Article 12.1500 Golf Carts.**

City Manager advised that recently the State statutes were changed allowing cities the authority to allow golf carts with the right equipment to operate on city streets posted under 35 mph.

The new ordinance was requested by Bob Koger.

Councilman Garza asked if the golf carts would need to be inspected.

City Manager advised that it is not a State requirement for the golf carts to be registered or inspected.

**Councilman Muir made a motion to approve. Seconded by Councilman Patton.
